Road South From Public School Buildings Is Improved With a New Bridge Over Creek

Work has been completed on a new bridge south from the school buildings across the Tierra Blanca creek under the direction of County Commissioner G. B. Heath.

The old bridge was taken out and all of the materials that could be used put into the new structure. The old bridge was 60 feet long. The new one is 107 feet long. The old bridge was 15 feet wide, while the new one is 24 feet wide. Concrete abutments hold the new bridge so that the clearance for flood water is of greater capacity than the bridge on the highway a mile to the east. Mr. Heath believes that when another flood comes, as it did last May and covers the highway, the new bridge will handle all of the flood water and that traffic may be diverted to the west road.

The channel of the creek was changed so as to handle the water much more rapidly, and without the wash that usually came in times past at this bridge. In order to aid in handling floods, ten strings of 36 inch tile were installed at the old channel in order to make sure that the flood water will do no damage to the fill.

The fill across the valley is nearly a half mile long and is 1½ feet higher than the old bridge; the fill is 32 feet wide. Caliche will be added to the topping from time to time in order that the topping may be secure for cars even in the wettest weather.

Charles Steen, foreman of the job, has an accurate account of all labor and material which went into the project. The total cost of the job was \$2,692.50, according to the figures which Mr. Steen has compiled for Mr. Heath.

Citizens in the south part of the county who use this road have expressed great satisfaction in this improvement, which will assure them a crossing on the Tierra Blanca even in the worst kind of floods.

Gulf Oil Company Sends Crew Here to Seismograph Tests

Another oil test is being made in Randall county by a seismograph crew. The Gulf Oil Corporation sent a crew of men here this week to start work in this territory.

The first tests were made several weeks ago in the south part of the county by an independent oil company.

A second crew arrived in the county a month ago and has been working in various parts of the county.

The third crew is now making tests.

No information is given out by the various crews regarding the work they are doing, or the results that have been obtained by the tests that have been made. It is certain that when the tests are completed the major oil companies will have a good idea as to the possibilities of oil in Randall county.

Voltage Regulator Put Into Usage at Local Power Plant

Two voltage regulators were installed last week and put into use Sunday afternoon by the Texas-New Mexico Utilities Company. Canyon was the first town on the system to receive this improved service, which will be installed in other towns served by the company.

The regulators will eliminate the flickering of lights at certain periods, and will keep the power steady at all times. The use of the regulators will be of the greatest aid to the users of power since motors vary in speed at different intervals of the day without these regulators.

Decorations During Christmas Will Draw Prizes From Chamber

The Chamber of Commerce is offering prizes for Christmas decorations. Three or four classes will be made of the homes and business houses in order that all citizens may have an opportunity to enter the competition.

Full details will be announced within a few days in this campaign.

Committee Asks Citizens For a \$500 Band Fund

All Citizens of Canyon
Are Asked to Make Do-
nations to Help Equip
Hi School Band

A campaign was launched in Canyon Tuesday night to raise \$500 for the public schools band during this week. Subscriptions to the band fund were taken at a meeting held at the ward school building Tuesday night, and committees will call upon local citizens this week with the view of raising the funds before Saturday.

W. P. Sharran is chairman of the finance committee and is directing the campaign. Mrs. Clarence Thompson and Mrs. S. H. Condon were named as assistants in the financial campaign. Mrs. Ray Campbell is president of the Band Parents organization, which is responsible for the campaign which is being made.

Citizens will be asked to make donations in a lump sum, or to make monthly pledges to be paid during the coming seven months of school. Not less than \$500 is required to buy all of the equipment that is needed for the band.

Marshall Riemenschneider, director of the band, highly praised the good foundation that was laid for the band in the past. He now has 40 members in the band, but has only 39 uniforms. In the second band there are about 12 more who will be ready to take places in the band by spring and these will be without uniforms unless funds are provided.

Armistice Day To Be Observed Here

Bufs Tangle at Pecos Saturday

Meet Strong Sul Ross
Team, Coached by a
Former Buff Player

"We're primed and ready to go again."

With this statement Coach Al Baggett optimistically sized up the grid situation that comes to a bubble when his Buffaloes tangle with the Sul Ross Lobo of Alpine in Pecos, Saturday afternoon.

The place of the game was changed to Pecos due to the incessant demands of that city for some intercollegiate game. The game will be sponsored by the Pecos Chamber of Commerce.

The Buffs embark by bus Friday morning at 6 o'clock. It will be their second game away from home this season. The number of squad men who will make the trip will be determined by workouts this week.

In the Buffalo wallow, a merry mental attitude prevails. Fresh from a stunning win over the St. Benedict's game coupled with the fine condition of every member, a determined crew will pull into Pecos Friday evening.

Sul Ross Coach Bernice Graves, a West Texas ex, employs principally the double-wing formation. Using about sixteen lettermen, the Graves men have played only four games to date—winning two and dropping two. Their 13-0 win over the T. W. C. Rams indicates that they will be rough opposition for the Buffaloes.

The Lobo backfield attack is piloted by a wee halfback, Archer, 152 pound passer and punter deluxe. The running duties are headed by speedster Quarterback Craig, former Wayland Junior College totter. The line play is tipped off by Captain O. Tipps, 190 pound end.

Director C. E. Strain and his College Band will make the trip, and plan to arrive in Pecos Saturday morning.

Mrs. T. E. Allen and son, Max D., of Pampa are visiting this week at the parental C. O. Cooper home.

Ex-Service Men Will At- tend Church Service Sunday; Have Dinner Thursday

Armistice Day will be recognized in Canyon by members of the American Legion and American Legion Auxiliary. Special church services will be held Sunday for the ex-service men and members of their families, while a dinner will be served at the Legion Hall on Armistice Day for those who hold membership cards in the Palo Duro Post for 1937-38.

Business houses will be asked to close at noon on next Thursday, Nov. 11, in order that all Legion members may attend a dinner at the hall and attend the football game.

Rev. J. O. Quattlebaum will preach a special service Sunday for the ex-service men at the Methodist Church. All ex-service men in the county are cordially invited to attend these services at 11:00 o'clock next Sunday morning.

The annual dinner at the American Legion Hall will be limited to membership in the Palo Duro Post. All ex-service men who hold membership cards for 1937-38 are invited, together with members of their families, to attend this annual function.

The local Post is sponsoring the high school football game in the afternoon between the Canyon Eagles and the Dumas high school team. This will be the last district game of the season. If the Eagles win from Dalhart this week, the local team hopes to clinch the district flag on Armistice Day by whipping the team from the strong oil field town. Dumas has a good team this year and played Dalhart a close game early in the season.

Mrs. Luella B. Sale Died This Morning; Funeral on Friday

Mrs. Luella B. Sale, 70, died this morning at 3:15 o'clock at an Amarillo hospital. Mrs. Sale was the mother of Mrs. T. V. Reeves and came here three weeks ago from her home in Roseville, Calif. She has been in poor health for some time and underwent an operation a few days after arriving.

The funeral service will be held Friday afternoon at 3:30, at the Presbyterian Church, conducted by Rev. J. O. Quattlebaum. Interment will follow in Dreamland Cemetery in charge of the Griggs-Thompson Funeral Home.

Mrs. Sale was born in Ohio, Dec. 20, 1867. She has visited her daughter in Canyon several times during the past years.

Surviving are four children: Harry W. Sale of Davenport, Iowa; Mrs. Henry R. Leonard of Davenport, Iowa, who has been here since her mother's operation; Mrs. Bernice Sherer of New Orleans; and Mrs. Reeves; three brothers, Olin Spangler and Justice Spangler of Roseville, Calif.; Theron Spangler of Orient, Iowa.

Mrs. Sale was a member of the Presbyterian Church and of the Order of Eastern Star.

Census Unemploy- ment Will Be Made Saturday, Nov. 16th.

A census of unemployment in the United States will be taken between Nov. 16 and Nov. 20.

The postal department has been assigned the task of delivering cards to 31,000,000 families in the nation seeking information regarding employment. The cards will be delivered on Nov. 16 and 17. Each family must answer all questions carefully and mail the cards back to Washington before midnight of Nov. 20.

Local citizens have been requested to assist in this census. Robert W. Foster is chairman of the Randall county committee, composed of J. W. Kleinschmidt, Mrs. Tom Knighton, John Hunter, C. A. Murray, Guy Harp, Mrs. L. A. Donnell, Miss Frances Wilroy and R. A. Terrell.

A bill authorizing this census was passed in the recent session of congress and approved by President Roosevelt.

Election To Be Called In Few Days By City

\$10,000 Bond Issue To
Be Called To Match
WPA In Paving Streets
of City

COVER 66 BLOCKS

WPA Will Put Up More
Than \$17,000 To Take
Care of Men

The City Commission will order an election for a \$10,000 bond issue as soon as the papers are prepared for the election order. The money will be used for paving 66 blocks of city streets if the voters approve the bond issue.

WPA has approved \$17,676 for labor and material to do this work, provided the city furnish the necessary \$10,000 to do its part of the work. However, the city cannot accept the WPA offer unless the bond issue is approved as the municipality does not have sufficient funds at the present time to carry on the work.

Mayor C. R. Burrow stated yesterday that the commission recessed Monday night in order to pass the necessary order when the election papers are received. The date of the election will depend upon the time that the papers are received from the bond attorney.

The city needs the paving very badly. WPA has approved the project of closing all gaps on the present paved streets, and connecting most of the streets which run north and south with the present avenues which are paved. Since all WPA projects in the county will be completed about the first of January, work must be provided for the men now on the rolls, and street paving is the most logical employment that can be offered.

Mrs. F. M. Wilson Died Friday After Lingering Illness

Mrs. F. M. Wilson, 69, died Friday morning at 6:20 o'clock at the family home, 1809 Fifth Avenue, following an illness of several months. Dr. and Mrs. Wilson have been residents of Canyon for 33 years and are among the best known pioneers of this section.

Mrs. Wilson has been closely identified with the religious and civic development of the county throughout her life in Canyon. She was active in the Methodist Church, and devoted much time to the Red Cross during the World War.

Mrs. Wilson was born at Malta Bend, Mo., on March 9, 1869. She and Dr. Wilson were married in 1893. Their only daughter died here 28 years ago.

The funeral service was held Saturday afternoon at 2:30 o'clock at the Methodist Church conducted by Rev. J. O. Quattlebaum. Interment followed in Dreamland Cemetery under the direction of the Griggs-Thompson Funeral Home.

Pallbearers were: C. R. Burrow, C. A. Murray, C. N. Harrison, J. A. Guthrie, N. E. McIntire, and Grady Oldham.

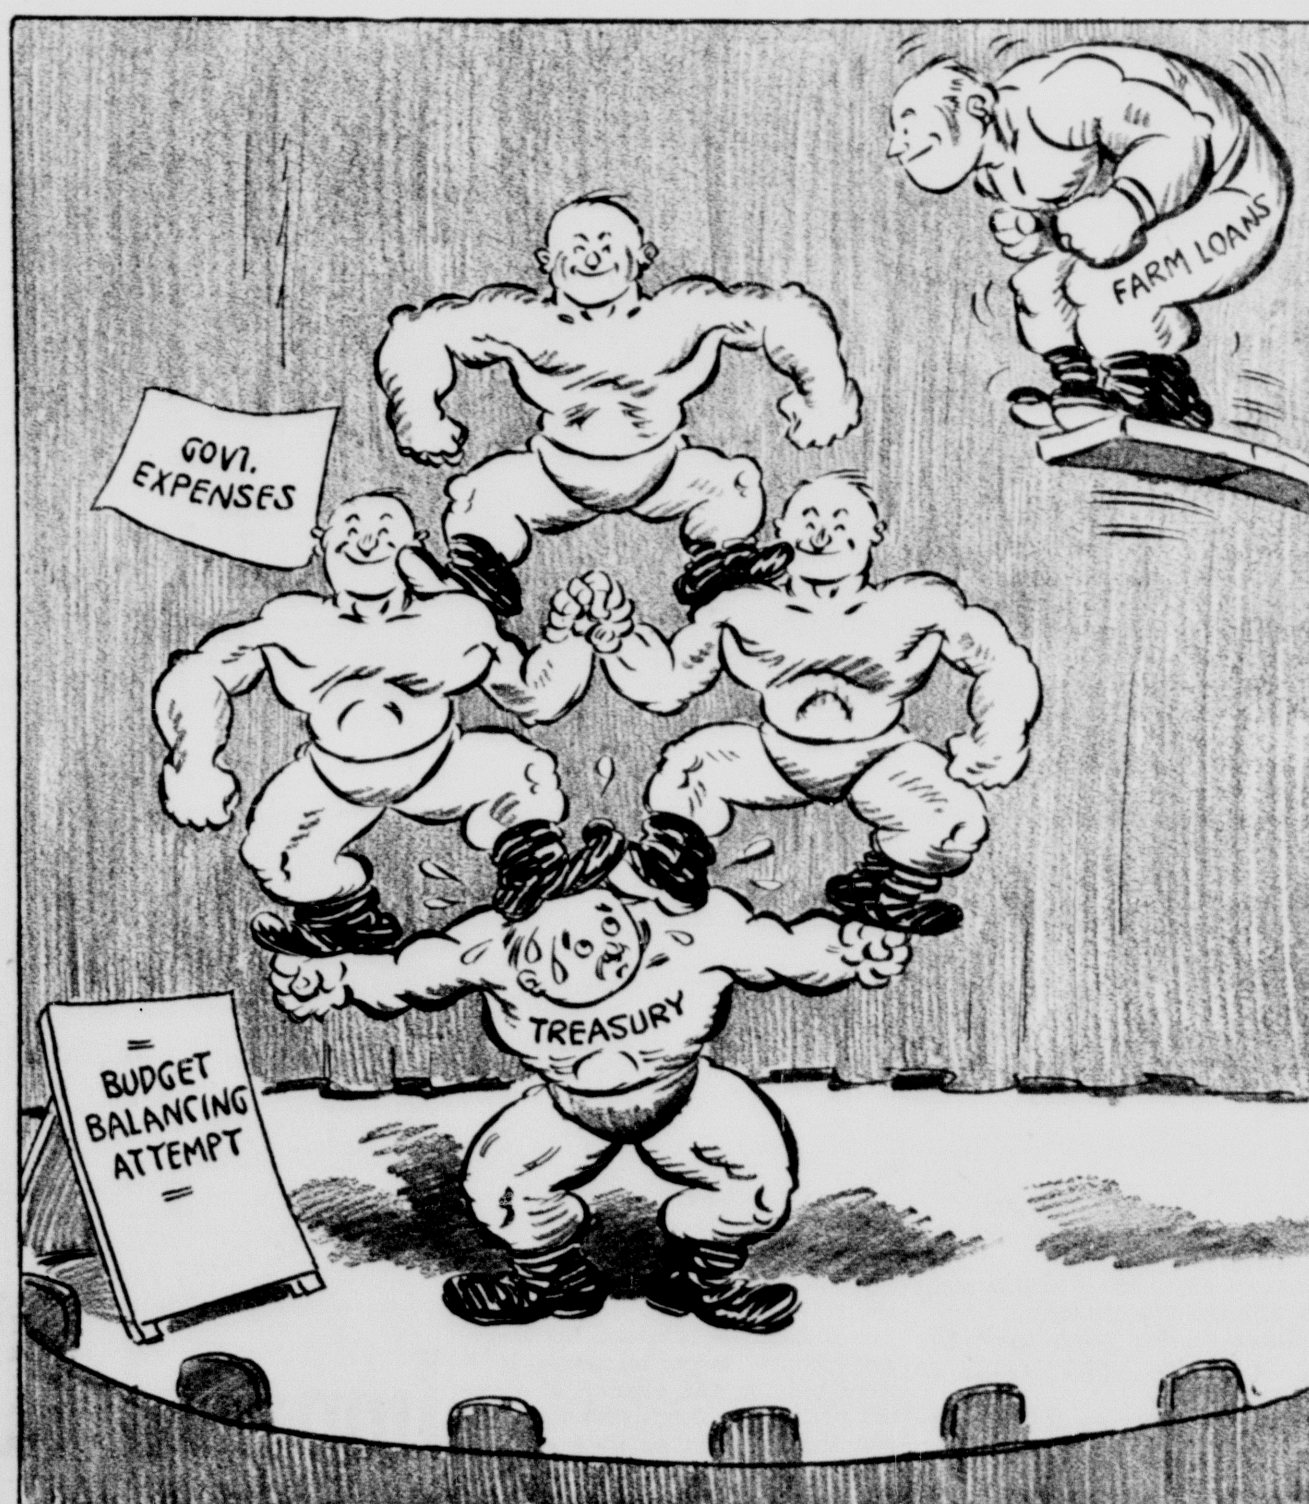

Surviving are: the husband, Dr. F. M. Wilson; three sisters, Mrs. E. D. Walker of Canyon; Mrs. Florence Fulton of Malta Bend, Mo.; and Mrs. Van Anglen of Mt. View, Calif.

CUSSING THE LEGISLATURE

The great sport in Texas just now is cussing the legislature for the failure to pass some kind of a tax bill.

We have read with interest the various statements which have been issued by the various members, and no two agree. This shows that the legislators themselves are not clear as to what happened to cause the members to refuse to agree on some sort of a tax measure at the last minute.

Two factions in the legislature are clearly to blame: 1. Those who wanted to make political history for themselves by liberalizing the old age assistance; 2. Those who did not wish any kind of a tax bill, believing that taxes were too high and that appropriations should be reduced rather than more taxes imposed.

The first faction has been foolishly demanding everything for the old folks since the old age pension bill was passed. Whether sincere in the matter or not, this group places old age assistance as the major issue in Texas, and they would sacrifice everything else in the state just to win a big pension for every person 65 years of age and over. This group was so blind in their demands that they were caught napping in the closing hours of the legislature. This group in the House was for turning the tax measure down until the conference committee brought in a bill that would raise \$15,000,000.

Those who were opposed to all increases in taxes quickly caught the significance of the situation. They quietly joined forces with the high tax group, and voted against the proposed bill thus defeating all taxes in this session.

Had the first group not been so hoggish in their demands, a sufficient tax bill would have been passed to carry on Social Service thru-out the next month. As it is, no

taxes were levied, and assistance will be decreased. However, it is openly charged that there are many hundreds of people in the state receiving more than they are entitled to receive, and this should be the time for the Board of Control to carefully investigate all doubtful cases and cut these from the pension rolls.

For some time it has been rumored that Governor Allred was seeking a popular platform upon which to run for a third term. It is now stated that he proposes to run on the unicameral platform. The News doubts very seriously whether Governor Allred, or any other person could win on such a platform at this time. The eyes of the nation are upon Nebraska, as it starts this method of legislation. Reports are both favorable and unfavorable as to the experiment. While The News feels that the Texas legislature should be greatly reduced in size, and other reforms made, we are very doubtful as to whether or not the people are sufficiently interested in such a reform to put it over at the present time. The time may come when the people will demand such a reform, but it could best be made by a constitutional convention which would entirely re-write the constitution. And while you are cussing the legislature, just suppose that the one-house plan be adopted and an adverse legislature be elected to block everything the Governor wishes? One friendly branch of the legislature can now help a Governor a lot even though the other branch is bitterly opposed to him.

Suckers on the stock market have been taking a fine cleaning the past two weeks. Those who bought on margins were wiped out, and those who bought merely hoping that prices would advance lost their shirts. Good stocks are still good stocks, regardless of the manipulations of the gamblers of Wall Street. Poor stocks cannot be improved, even by Wall Street scheming. If you wish to play the market, buy good stocks that pay good dividends, pay for them in full, and then don't be fooled by the manipulations of the professional gamblers. The stock exchange is the greatest legalized gambling joint in the world. All of the manipulations are directed by expert gamblers in order to fleece those who put up margins, or who become scared by reduced prices. After all, gambling never pays, unless you are big enough to control the game in which you are engaged.

State Representative Harry N. Graves was named by Governor Allred on the Court of Criminal Appeals to succeed the late O. S. Lattimore. There are many stronger men in the state fitted for the job than Harry Graves. But he has been a very staunch political friend of Governor Allred. No one would expect the Governor to reward an enemy with a \$8,000 per year job. There is one thing to say for Harry Graves—he is thoroughly honest, is a good man, a hard fighter and stands by the things in which he believes. He must face the people in the primary next year as the Governor can appoint only until the next general election.

Herbert Hoover made an interesting talk to the nation last week. It was to be noted what an improvement the Ex-President has made in his manner of speech. In order to show their enthusiasm, his Republican audience kept up such a roar of applause that Mr. Hoover was cut off on the radio before he had finished. The scrap between Hoover and Landon to control the Republican party is an interesting one.

cleared of imposters, the aged who are entitled to help would get more of it and it is to their interest to be against a reliberalization of the law."

Wait For Verdict

Meanwhile, two groups were anxiously awaiting news of the attitude of the folks back home. They were the special interest lobby and the politicians. The lobby was divided in its opinion. The conference bill carried moderate in tax increases and some of the lobbyists feel it would have been better to take reasonable increases. Now they feel pretty certain the fight must be waged all over again in February or March, at another session. This could have been avoided, some feel, for at least another 14 months until the next regular session, if the conference bill had passed. Others, cheered by their success in cutting down the Governor's \$15,000,000 tax plan to \$4,000,000, believe they have less to fear in future sessions.

Whether Allred will seek a third term was the subject of many rumors. Some had it the Governor might try it, on a unicameral legislative issue. There was even a rumor that Sen. Tom Holbrook, the Galveston conservative, who led the economy fight, might be a candidate. But the political results of the session will be apparent when the sentiment of the folks back home is thoroughly sounded out.

And in most stadiums, the goal-line stands pale in comparison with the goal-post stand.

'Prexy Day' Observed On Campus Saturday

"Prexy Day" became firmly established as a traditional campus celebration Saturday when Epsilon Beta, men's social club, directed the second annual campus-wide observance of President J. A. Hill's birthday.

Students wore ribbons bearing the words "Prexy Day" throughout Saturday, and a special assembly program was given at 11 o'clock with Dean E. Nicholas Comfort, dean of the University of Oklahoma school of religion, as principal speaker. Though the President's birthday was Friday, the program was given Saturday since no period was open Friday.

Y. W. Invites Comfort

Dean Comfort came to the campus under the auspices of the Y. W. C. A., and was invited to speak on the "Prexy Day" program. The speaker was introduced by Houston Bright, Epsilon Beta member.

"Local Pride" was the subject of the address. Dean Comfort introduced his topic by explaining that the world and men as they are today are the result of a long evolutionary process, which is still in the stage of active development. He explained there are few new thoughts in the world, that moderns are self-conscious when they feel that they are originating thought.

Local Pride

Dean Comfort developed the idea that all great steps of progress have been the result of the establishment of some worth while tradition or pride, which usually originates in a local sense.

That the present generation, the climax of a growth of civilization that is ages old, must do its share in the development of traditions and the building up of relations in society was the thought with which Dean Comfort concluded his talk.

Hill Presented Gift

President Hill was invited to the platform where Joe Collins, Epsilon Beta president, presented him with a birthday gift after paying the president an impressive tribute in behalf of the students.

"I am glad to be sixty years old," the president said, but declared "age is the most stealthy thing I know." Though reaching his sixtieth year, the president said, "I still feel the throb of youth in my body and in my soul."

"The Rest of the Record"

BY JAMES V. ALLRED
Governor of Texas

As I write this column the special session has been over two days. I regret exceedingly the unfortunate outcome of the thirty-day meeting of the legislators. The sad and pitiful part of it is that nothing was done to help the needy people, the blind and our underprivileged children—notwithstanding repeated exhortations and warnings. Not only that, but Texas will lose several million dollars of Federal funds to carry on this program.

The people are confused and indignant over the outcome. Certain groups such as the representatives of special interests apparently are well contented with the report brought me at the close of the Legislature by the Senate notification committee, which advised me rather gleefully they "had done their work well."

The question uppermost in the minds of the people, however, is "Who or what, is to blame for these lamentable conditions resulting in the failure to provide funds for the social security program?"

Conflicting statements have been issued since the session by certain senators and house members. Some of the people are unable to fix clearly the responsibility. Why?

The present two-house system of the Legislature is made to order for sly manipulation and buck passing by shrewd parliamentarians. This is not the first session to end with each house blaming the other. The difference is that with the changing and complex problems of recent years this condition has grown worse. Not all the members of either house are to be condemned; yet, the good, the patriotic the diligent, the sincere members often find themselves condemned along with reactionaries and demagogues.

Lawyers will tell you that delay and time are the greatest aids to a man charged with crime. Delay and time are likewise the most powerful weapons that can be employed to defeat progressive legislation. Under our present legislative system these weapons are readily available and freely employed.

During the past session the people have witnessed a strange situation. The special session was called for the purpose of raising revenues for the needy. A powerful minority group declared no taxes were necessary and employed every artifice possible to defeat the purpose of the session. Certain newspapers criticized the call and advocated no taxes.

Now that the session has ended we find that the spokesmen for the same minority group and for the same newspapers criticize the legislature for not passing a tax bill—the very thing they said should not be done.

I shall have more to say later concerning this session.

The untimely death of Judge O. S. Lattimore shocked the entire state. The beloved judge had served with outstanding distinction on the Court of Criminal Appeals for many years. Friends and close associates, as well as admirers from all walks of life, testified to the love and esteem in which Judge Lattimore was held as they solemnly gathered to pay final tribute to this distinguished son of Texas. Faced with appointment of his successor, I chose Harry N. Graves of Georgetown who resigned from the Legislature to accept the judge-

ship. He is one of the noblest characters I have ever known. Courageously and unselfishly, Judge Graves has served the people of his district and state for many years. He is preeminently qualified for this great office and while I regret his patriotic service in the legislature will be ended, I felt that his outstanding service and character should be awarded.

The appointment of a member of the Legislature to a judgeship was not without precedent. From the Forty-fourth Legislature, I selected Sarah Hughes of Dallas to fill a vacancy as district judge. She became the first woman judge in the history of Texas and her splendid record as district judge has won the admiration and acclaim of the Dallas bar.

MISS JULIA DUNAWAY WEDS MR. JAMES THOMAS IRICK

A simple but impressive ceremony joined Miss Julia Dunaway and Mr. James Thomas Irick in marriage last Wednesday afternoon, Oct. 27, at 4 o'clock. The solemn vows were spoken by the Rev. R. Thomsen, pastor of the First Presbyterian Church of Amarillo, at the Presbyterian Church in Canyon.

The bride wore delft blue crepe with brown accessories, and her shoulder corsage was of rosebuds, sweet peas, and lilies of the valley. Dr. and Mrs. E. J. Cundiff attended the bridal pair. Others attending the ceremony were Mrs. Mattie V. Dunaway, mother of the bride; Mr. and Mrs. Earl Irwin, Mr. and Mrs. Clarence Smith, and Mr. and Mrs. George Grogan, all of Amarillo.

Mrs. Williams had only recently moved into her home which needed many kitchen repairs when she was elected club demonstrator. There was only one window and one outside door in her kitchen. The woodwork and walls were all painted brown, causing her kitchen to be very dark. Consequently, her first improvement was one to lighten her kitchen. She removed a partition in order that one more window might add its light. Then, a pantry was built in. Other major improvements were the building of a cabinet with nicely arranged shelves; painting woodwork and cabinet white; adding new ice box; putting up new curtains and useful kitchen gadgets; papering walls and ceiling with light paper; and laying new linoleum on the increased space caused by the removal of the partition.

A short program consisting mostly of reports was given.

Refreshments were served from a lace covered table cleverly decorated with orange and black crepe paper. Black tapers in yellow holders burned softly at either end of the table. Favors were of orange and black make believe candles in keeping with the chosen motif.

WELCOME HOME, EX-STUDENTS

Welcome Exes! This is the sincere feeling of the students of Canyon High School this year.

Once again old C. H. S. will rejoice over having her students that used to be in her halls, making the noise they once did. The ex-students will recall memories in their hearts and minds that will long be remembered.

There are many ex-students who come back to the school from year to year, and these are never to be forgotten among the exes as well as among the present student body.

Their spirit of loyalty and pride in the school and their faithfulness in returning to its activities are a constant source of inspiration to students today.

So, on behalf of the entire student body, the Eagle's Tale staff extends you a hearty welcome.

THE EAGLE'S TALE

LETTERS ARRIVE FROM EXES

After collecting letters from ex-students of Canyon High School, the Press Club relays them to you. First we hear from Arthur Chambers, from Honolulu. He is on his way home.

"Dear Exes,
My pen can't do justice to the beauty of the "Paradise of the Pacific," so I must beg you just to let me off by showing you some color movies of the Islands in the near future. I'll be expecting all of you to come to see them soon.

I wish all of you Exes could be in Canyon for Homecoming. I'm going to try to be there; but if you can't come, I know you'd like to just the same. Haven't you often wished that time would turn back, just for a day, and that you would find yourself a student of Canyon High School again? I have. At least, Dear Exes, we have our memories. They are fond memories, aren't they? It's something we'll have with us always.

I'm afraid, dear exes, that I've used up more space than I should have. I must close, so we can hear from some more exes. As the Hawaiians would say, until I see you, I wish you one and all a very pleasant "Aloha Nui Oe."
Arthur L. Chambers,
Class of '34.

Another ex-student writes from Texas A. and M. to Milton Morris. "Well, how is everything in Canyon? I hope things are running smoothly. This is a great life, here, if you don't weaken, but it is plenty tough. Over 25% of the freshmen are expected to flunk out or quit before mid-term. Chemistry is my worst headache, but I think I can make it O. K.

Our F. P. A. initiation there in high school was just a small sample of what you get here. These upper classmen make you run errands, beat the devil out of you with a "Sam Brown" belt, and to top that off, they make you thank them for whipping you. In spite of these facts, however, there is a great fellowship among the students such as I have never seen or heard of before. It is truly a great place.

Yours truly,
Melvin Callihan,
Class of '37.

Mr. Pope, ex-teacher and principal of C. H. S., now in Austin, writing to his son, James, who remained in school here, tells us,

"The papers carry the scores of your games up there, and I am glad to see that you are winning right along. I hope that you come through the district and regional if possible. We have just received the papers, so can keep up better now.

John B. is doing good work in the University, and he is working hard.

BAND RECEIVES NEW INSTRUMENTS

The band has purchased a new Bell Lyre to add to the tone quality, and appearance of the band, and has added a new piccolo to its group of instruments.

Renna Beth Bellah has been selected to play the Bell Lyre. Norma Jean Foster from Amarillo has enrolled in school here and added her piccolo to the band.

Several saxettes have been purchased by member of the first four grades. Marshall Riemenschneider is organizing this saxette band. There are 30 pupils now and by next week 10 more pupils are expected.

The purpose of the pre-band course is to teach the fundamentals of playing, in order that the pupils can take up band work next year with more rapid progress.

We are glad to have him there. He rushes the sorority sisters on Saturday nights.

The University Junior High School have their own safety patrol of about ten or fifteen boys who direct the traffic and pupils around the school; even down on the speedway and the traffic there pays as much attention to them as they would to a cop. It certainly is a good sight to see—not a teacher in sight, the halls and the whole school are handled the same way.

Good Luck to You! Give the football boys and the coach my best wishes and tell them that I want to see the district game if I am within 200 miles.

Your Dad,
John B. Pope,
C. H. S. ex-principal.

Another student of the past writing to Miss Lois Goodrich from California, says,

"I am doing very well I guess, and I like California just fine—still that doesn't keep me from calling Canyon home ha! Yes, as much as there is to see and do out here, I sometimes get the blues so bad I'd leave on an hour's notice. But taking it as a whole, it's a wonderful place to be. I have a job as capping machine operator in the tomato cannery here in Terrence.

I know the "Eagle's Tale" must be a thriving thing this new year. I haven't seen one since early in November, but I enjoyed that one almost as much as a visit home, and say, tell old Cactus Cal he has an ardent backer even if I am a long way from Canyon High.

You should come to California sometime and take notice of the so-called California education which is passed out to high school students here in the Los Angeles school district—well it would sort of make you proud of those good old schools back in Texas.

Well, it is about closing time, so for tonight I'll say Goodnight.

Yours sincerely,
Roy Phillips,
Class of '36."

A letter to parents from Texas Technological College, says,

"I've tried to find time all day to write to you, but this is the first minute I've had off. We get more studying to do all the time. Hope I can get home for Homecoming. What's the date?

Love,
Marielle Oldham,
Class of '37."

Personnel Director: Yes, we have two or three positions open. Do you know anything about figures?

Applicant: Do I? Why, sir I was a life guard at Sea Breeze beach all summer.

Rygg: Does your wife take to bridge?

Joyner: She takes to it more than she brings home.

P. T. A. Carnival

(Continued from Eagle's Tale page)
Members of the 1935 Culture Club appeared on the stage dressed in old time, back-woods costumes to put on their stunt. They asked an old-fashioned depot agent, Mrs. Olin Hinkle, about trains coming from the north, south, east, and west, before finally crossing the tracks.

The Boy Scouts of Canyon presented a stunt on foods which upset the nerves and ended all when Mr. Castoroli made his appearance and then was demolished.

Crowns Newlin Queen

At 11 o'clock when people were feeling the effects of a night's carousing, the lights were turned out, except for Jack-o-lanterns, for the coronation of the queen, Anna Lee Newlin, seventh grader. After clowns, Gordon Lynn Dickerson and Leroy Wooten, witches, Giovanna and Janet Johnson, and Carlene Scott, a cat, Marie Money, and a devil, Kenneth Nickelson, had performed on the stage and were standing back of the throne, which was a shock of feed, the master of ceremonies, Bob Ziegler, as a scare crow, entered. He announced the coming of Senorita Dorothy Barnett escorted by Senor Dean Nicholas.

Lady Fern Walters escorted by Clown Alvis Ford, Gypsy Lady Hazel Sanders escorted by Clown Joe Gill, Senorita Marie O'Donald escorted by Senor Eston Breittling, and Gypsy Sweetheart Mary Collins escorted by Senor James Pope.

Preceding the queen came little B. B. Slack and Louise Prichard dressed in Spanish costumes carrying the pumpkin crown. Last, came her majesty, the queen, Anna Lee Newlin, escorted by the king, Clown Albert Hunter. Hudson Prichard played several coronet solos while the queen and her escorts marched down the aisles. The queen was lifted to the throne in a pack-saddle, formed by two clowns. The scarecrow crowned her queen of Hallowe'en by placing the pumpkin crown on her head, and the band played "Circus Parade" as the curtain was drawn.

Let's get down to ^{crank} Cases

To keep your car from growing old too soon ... to make it run with that wonderful smoothness and pep it used to have when it was new ... pay a lot of attention to the crankcase. That's where a motor's hardening-of-the-arteries starts.

So drain the crankcase—NOT your pocket-book, by refilling with Phillips 66 Motor Oil. It is Phillips finest, made from a costlier 100% paraffin base crude.

It meets the higher requirements of today's modern motors because it has high-degree oiliness. Refined into it by Phillips painstaking modern process. Besides, it is extra clean and extra thrifty. No wasteful light parts to cook out or burn out. Hence the film is tougher and longer-lasting.

Next time, drain and refill with Phillips 66 Motor Oil. It's concentrated! ... This year's big value in car lubrication. Look for the Orange and Black 66 Shield.

Bufs Whip St. Benedict's Saturday Afternoon

Strong Kansas Team Is Taken Into Camp by Superior Playing of the Buffalo Crew

Old Man Dope Bucket left Buffalo Stadium Saturday afternoon sadly punctured when a crisp West Texas State juggernaut clicked with startling precision and overpowered the heavily favored St. Benedict's Ravens of Atchison, Kansas 20-0.

Coach Al Baggett brought out his best oiled grid combination in his five year coaching regime. Led by Co-Captain Oscar Hinger, Craig Walling and Monroe Horton in the line, and F. A. Thomas and Foster Watkins in the secondary, the vigilant Buffaloes clicked like a well-greased machine. They rumbled for scores in the first, second and fourth quarters.

Slack Runs 90 Yards
The lone Raven scoring threat came in the second chapter on a long pass from Halfback Ruberry to End Milak to the 15 yard stripe. The attempt ended disastrously when Buff fullback Tom Slack intercepted Ruberry's flat zone pass on the 10 and raced 90 yards through a broken field for the second Bison tabulation. Almost overtaken on the Raven 40 by passer Ruberry, Chick Neilson, wiry Buffalo end, saved the day by applying a timely block so Slack could trot along unpursued.

Butler Catches Pass
The complexion of the game turned in favor of the Buffs in the middle of the opening quarter on F. A. Thomas' superb punting. Taking

the leather on the 43, Fullback Butler snagged Watkins' snap pass one-handed for a 15 yard annexation. Another completion, Watkins to Walling, placed the locals on the 15-yard line. Picking up a first down inside the five, three Buff thrusts were nullified and their destiny appeared doomed. Quarterback Watkins crossed up the league by choosing a play that sent Butler to the line of scrimmage where he handed off to Matney who pivoted and lateraled to Watkins in the right flank for the first score.

Matney Steals Ball
Matney's last quarter score contained a comical element but was in step with the Buff wideawakeness distinguishable all afternoon. Raven Back Duberry had pawed through the Bison wall for what appeared to be a five yard pickup when Matney snatched the ball away from him in a split second and dashed through the amazed opponents for a 28 yard touchdown.

The Raven running and aerial power was handicapped by the loss of Halfback Leo Danaher, Kansas' hardest running back and leading scorer for his team in the last two years. Danaher was forced to the sidelines in the second quarter with a leg injury. Ruberry, his substitute at the running position registered three pass completions out of six attempted, for 31 yards.

In the four year competition between the two clubs, this marks the initial Buff victory. Last year the Ravens spoiled an otherwise undefeated Buffalo season with a 19-0 drubbing.

are: Oboe, bassoon, alto clarinet and two French horns. These are unusual instruments which few parents would buy for their children. The new director highly praised the co-operation of the parents in buying the other instruments for their children, and the work that has been accomplished by the Band Parents. The band is a community asset as well as an asset to the school.

G. W. Cox stated that the band was the best thing that had ever been started in Canyon, and urged that all citizens get behind the band movement.

Clyde Warwick believed that all citizens would be glad to give financial aid to such a worthy enterprise that was helping the boys and girls of the community to such a great extent.

Clarence Thompson suggested the plan of monthly payments to the fund and believed that there would be no trouble in raising \$500 or more.

Ray Campbell believed that most of those who subscribed would be willing to have monthly drafts drawn for their subscriptions.

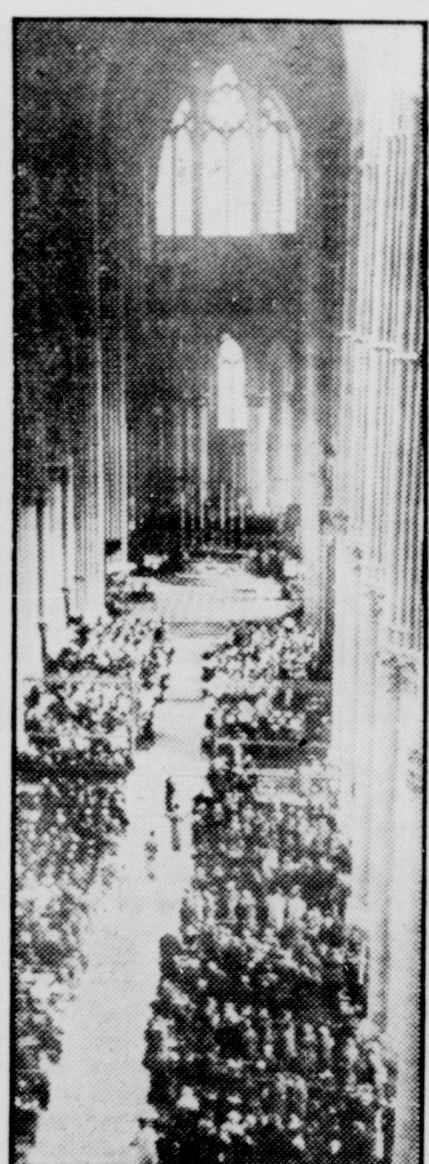

Irby Carruth stated that if the campaign was put over there would be no tag days for the benefit of the band, and no other financial campaign during the year.

Mrs. Clarence Thompson stated that all citizens would be solicited, and hoped that all would be able to give something to the support of the band.

C. E. Strain highly praised the fine start that was being made. He now has five former high school players in the Buffalo Band, and the college band will profit more each year as the high school band improves. Mr. Strain stated that the Tech band director recently told him that the success of the Tech band was due to the fine work in the Lubbock schools. Mr. Strain believes that band work is highly educational and of great value to every student.

Mrs. Ray Campbell expressed the
